

# KNEE SCOOTER

Flagstaff Bone and Joint is proud to offer the Knee Scooter. It is ideal for patients dealing with lower leg injuries or ailments. The handlebars and seating area are height adjustable. The padded seat is made for long-term use and the frame is sturdy. It can accommodate users up to 300 pounds. The steering wheel folds down and the attachments release quickly so the scooter can be easily broken down for transportation and storage.

Knee scooters are NOT covered by insurance and can be purchased using cash or credit card for the price of **\$136.**
